**January 3rd-April 25th**

*Our mission is to grow healthy, seasonal food that is affordable for every member of our local community using ecological methods that minimize the use of inputs produced off the farm. We endeavor to responsibly care for the land by practicing soil conservation, building soil fertility, and promoting healthy ecosystems that enrich the biotic community.*

## Our Farm

At Osprey Farm we grow food, soil, and community. We grow a diversity of fruit, vegetables, grains and dry beans using practices that build the soil and promote the health of our local community. We are **not** Certified Organic, however, all of our crops are grown without the use of chemical pesticides, herbicides or fertilizers. Instead we use mechanical and hand cultivation, long crop rotations, animal fertility and cover cropping to produce the highest quality and healthiest food. We strongly encourage anyone to contact us if they have questions or concerns about our growing practices (or why we chose not to become Certified Organic); we are happy to talk with you.

## Location

Osprey Farm is located on 12 acres along Willamina Creek, nestled in the foothills of Oregon's Coast Range, 30 miles west of Salem in Willamina, OR. We hope you can make it out to the farm for one of our farm events!

## CSA Program

By signing up for our CSA program you are making a commitment to support our farm for the duration of this growing season. In return, for your support, we will be providing you with a share of fresh produce from the farm every week of the season. The CSA program is a unique relationship, that allows community members and farmers to make a deep connection, one of mutual support based on a shared ethic of care for people and the environment in which we live. The lasting connection that we make with our members makes our community richer and our farm stronger.

**Our 2017 Winter CSA season will be 17 weeks long, from Tuesday, January 3rd through Tuesday, April 25th.**

As your farmers we are committed to growing the highest quality of vegetables for you and your family, using methods that are in accordance with our farm's mission. Every week we will harvest, wash, pack and deliver a selection of vegetables to our convenient Salem pick-up location at the Broadway Commons. This season we will be offering small (5 items per week), medium (8-items per week), or large (10 items per week) share options. We will have a weekly, market-style pick-up every Tuesday from 4-6:30p.m. where each member will be able to choose their share from a selection of 8-10 items. The selection of produce that we offer each week will change throughout the growing season depending on what is fresh. If you would like to see what kinds of vegetables are available during the winter season, check out our *Winter CSA Vegetable List* at [www.ospreyfarm.com](http://www.ospreyfarm.com).

<i>January</i>	<i>February</i>	<i>April</i>
3/4 lb Brussels Sprouts	1 head of cabbage	1 bunch Scallions
1 bag black beans	1.5 lbs Carrots	1.5 lbs Carrots
1.5 lbs Golden Beets	1 lb Purple Sprouting Broccoli	1.5 lbs Red Potatoes
1.5 lbs Potatoes	1/2 lb Winter Greens Mix	1 bunch Collard Rapini
2 Delicata Winter Squash	1.5 lbs Red Cipollini Onions	1 bunch Green Garlic
1.5 lbs Celery Root	1.5 lbs Cooking Turnips	1/2lb Salad Mix
1.5 lbs Carrots	2 ears Pop Corn	1 Butternut Squash
2-3 Leeks	1-2 heads garlic	1 bag cranberry beans
